let's Take a Moment...

Every day many families suffer the passing or the disappearance of a love one. END ZONE TO END ZONE would like to take this time to ask our fans to take a MOMENT OF SILENCE with us to show our love for these families. My good friend Trina lost her father this week. She and her family had to make the toughest decision a family never wants to make. I love you Trina!

Let's take a moment... Our love and prayers go out to Carla "Smiley" Odom, a linebacker for the Atlanta Xplosion, and her family, who recently lost her father.

"Everything is already all right", is one of my favorite lines from a Yolanda Adam's song. Let's take a moment...

And to the families of the two missing NFL players, Marquis Cooper, an Oakland Raiders linebacker, Corey Smith, a free-agent defensive lineman, who played for the Detroit Lions, and William Bleakly, a former University South Florida Player.

Unfortunately Florida officials have stopped their search for these men, but our prayers for them and their families will not stop.

Let's take a moment of silence...
